Operating With Imou App

Step 1

Imou

Scan the following QR code or search "Imou" in Google Play or App Store to download and install Imou App.

Step 2

Run Imou App, and then register an account for first use.

Step 3

Connect the camera to power source with the power adapter.

Step 4

Wait for booting to be finished, and then the camera indicator flashes with green light.

Step 5

Connect your smart phone to your Wi-Fi network, and make sure your smartphone is connected to Wi-Fi network with 2.4 GHz band, and then do the following operations to finish adding camera.

- Note: If you have more than one camera, do step 5 to add them one by one.
 - If the Wi-Fi network changed or the indicator status goes wrong, reset the camera, and then do step 5 to add it again.

Installing Camera

Note: Make sure the mounting surface is strong enough to hold at least three times of the device weight.

- Step1 Drill screw holes on the mounting surface as the mounting plate shows, and then put in the expansion bolts.
- Step2 Attach the mounting plate to the mounting surface with the self-tapping screws.
- Step3 Attach the camera to the mounting plate, then power it up, and then, adjust the lens to the ideal angle.

Packing List
